Location in Course:

Overview of Assignment:

Use as many rows in the table needed to describe the steps in your process. Be sure to complete the Reflection section at the end of the worksheet.

Step	Step Description
1	Come up with a story. For example, a visitor/tourist goes to a hostile community.
2	Create the main character, the visitor, and the village dwellers using Toon Boom Harmony.
3	Use Toon Boom Harmony to animate a simple character movement, the walk cycle, run cycle and the hand movements for emphasis.
4	Add music to set the mood and tone.

Reflection

What successes did you have?

I was able to complete my task.

What challenges did you face?

It was a bit hard creating the characters and giving them movements. It was cumbersome using two so

What would you do differently?

I would try and make fluid movements for my characters to make it more lively.

What did you learn as an artist?

It was a great experience creating the characters for my story and giving them life.
