Empirical Data Set 4 (25 points)

Please use the data presented in class to construct **four** bar graphs. Be sure to label the X and Y axes, use correct numbers, and include a figure caption.

Following your bar graph, please write a paragraph explaining how and why the information presented is important to human development. Use quotation marks, citation and reference if required.

Now:

1) Are you economically independent and living in a separate household from your parents? Yes/no

2) Are you in a long term emotionally and sexually intimate relationship? Yes/no

3) Do you have children? Yes/no

4) Do you engage in at least 150 min/week of moderately intense leisure time physical activity? Yes/ no
