CTI 255: Sport Science and Ethical Issues
Fall 2021

Personal Position Paper Requirements

1. Your paper should address your personal position as to whether performance enhancers should be allowed in sport. As alternatives you may address legal substances that are sometimes used by athletes or other controversies in sport for which you can develop an argument. If you would like to write on another topic, please see me.
2. Clearly indicate the position you are taking and provide very clear defense of your position. Include as much scientific evidence/data as possible.
3. The paper should be of length 6-8 pages (12 point-font, double spaced).
4. Use at least one ethical framework to assist you in presenting your position (see ethics reference on Moodle).
5. Include at least 3 scientific references. Journals such as ***Science***, ***Scientific American***, ***American Journal of Physics***, and other scientific references are appropriate.
6. The due date for the paper is November 5, 2021 (5:00 PM).
7. The point system for grading is below:

Appropriate references	25 points
Content including ethical reasoning	50 points
Grammar and English usage	25 points
