

Agile

Learning objective

L1 L2

Describe the agile
process.

Learning objective

L1 L2

Understand agile
terms.

**Customers often have
to see the wrong
product before they
know what they want.**

**A traditional (waterfall)
development approach:**

**Advantages of
waterfall:**

**Disadvantages of
waterfall:**

An agile development approach:

Product

**Described as a list of
features.**

Product backlog

Prioritized list of what might be included in the product.

Expected to change.

Sprint

**One timeboxed iteration
of a continuous
development cycle.**

Length =

**Important: no changes
during a sprint.**

Sprint backlog

List of tasks selected from the product backlog to be completed during the sprint.

Daily meeting

Three questions:

**Agile, this time with
terms:**

**Why agile? The
feedback loop.**

**Minimize total time
through this loop.**
