

Assignment A04: OWASP Mobile Security Project

Learning Objectives and Outcomes

- Explain the **goals** and **methodology** of the **Open Web Application Security Project (OWASP) Mobile Security Project**.

Assignment Requirements

You are a networking consultant for Secure Systems Solutions (SSS), specializing in wireless and mobile device security. You recently attended a meeting about OWASP. The president of SSS expressed an interest in participating in the OWASP Mobile Security Project and explained that individual assignments would be made following the meeting.

For this assignment:

- Research the OWASP Mobile Security Project.
- Write a report that explains the goals, methodology, and what kind of assistance is needed for the project.
- Find out if an OWASP chapter is in the city of your university (or in a major city like Cleveland and Columbus in the vicinity). If so, provide information about the OWASP chapter in the report and the procedures for joining.
- Clearly identify which part of your responses provides answers to which of the questions above by using headings, titles and dedicated paragraphs

Recommended Resources

- Course textbook
- Internet access

Submission Requirements

- Format: Microsoft Word or compatible
- Font: 12-point, double-space
- Citation Style: Follow your school's preferred style guide
- Length: 1–2 pages

Self-Assessment Checklist

- I researched the OWASP Mobile Security Project.
- I wrote a report that explains the goals, methodology, and what kind of assistance is needed for the project.
- I determined if an OWASP chapter is in the vicinity. If so, I provided information about the OWASP chapter in my report and the procedures for joining.
- I followed the submission requirements.
- I have clearly identified which requirement my response corresponds to by using headings, titles and dedicated paragraphs.
