

Student learning objectives:

1) Demonstrate an understanding of the proper techniques used for integrating quotes and paraphrases effectively and ethically into papers (e.g., signal phrases, properly formatted parenthetical citations, proper formatting of quotes, etc.).

Assignment: Select 2 sources from the prior assignments you completed in this module in which you tracked down outside sources about social networking. One source should be from the Pierce College Online Library and the other should be from the Internet.

Demonstrate how you would quote AND paraphrase the exact text from each of those sources.

First: Provide the original text you intend to quote and paraphrase. Also include authors and page or paragraph numbers if they are available.

Example:

Original text: It has been determined that drinking large amounts of alcoholic beverages within a short amount of time on an empty stomach can cause some individuals to act inappropriately and, in some instances, even cause harm to others and themselves.

Authors: Smith, Richards, & Thompson / **Page number:** 4

Second: Provide an example of how you would properly quote the text

Third: Provide an example of how you would properly paraphrase the same text

Checklist:

- 1) Are your parenthetical (in-text) citations formatted properly?
- 2) Have you included an effective signal phrase?
- 3) Have you used proper punctuation and formatting for your quotations?

How to format your submission:

- 1) Your name, course title/number, and the date should be in the upper left-hand corner of the document.
