

Instructions on how to input mathematical expressions on Blackboard

For Test/Exams/Homework assignments

Steven Cheng

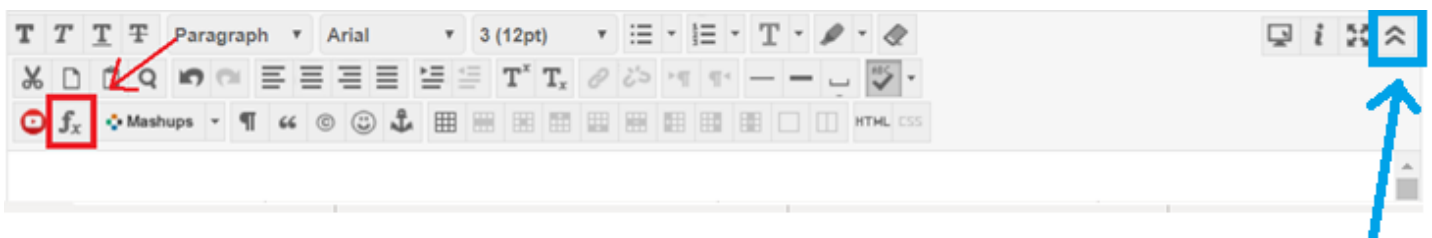

1. You can find all Test/Exams/Quizzes under the “**Assignments**” tab in the left panel on blackboard.

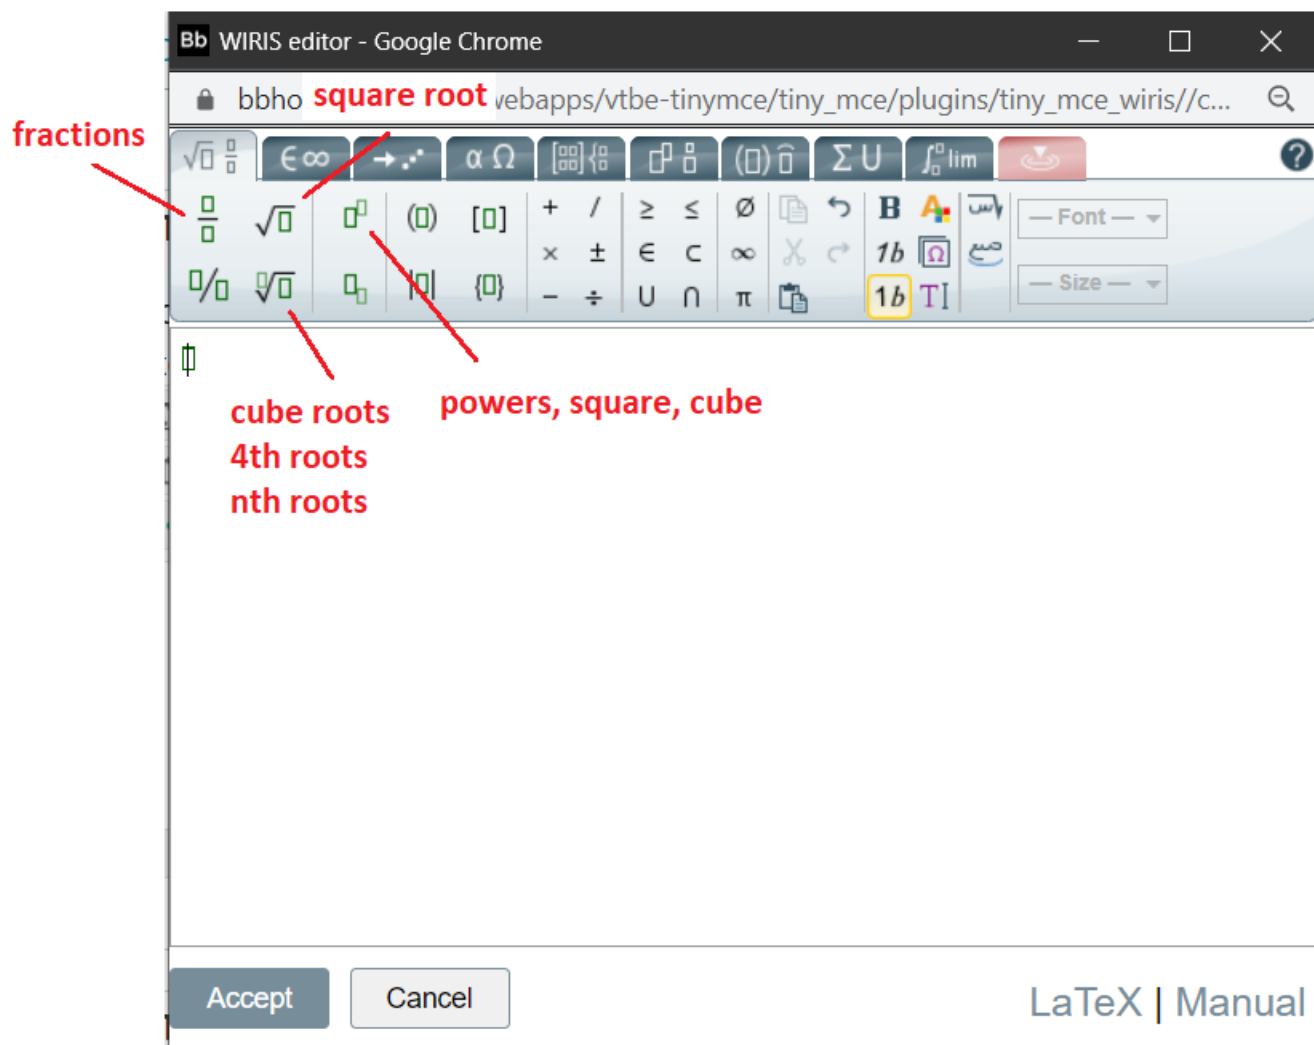

2. Click the link “**Enter your answers here**”

3. In the area where you enter your answers click on the icon 

< The Math Editor will pop up >

Note: If you do not see the equation editor  click on the double carrot (in blue) to expand the template.

4. Click on the mode that you need.

Note: if you are typing in a power and you need to get out of the power, press the right arrow key on your keyboard. Press the down arrow key to type in a denominator.
