

Book name: Parkinson's Disease book"

By: Professor Anthony Schapira FMedSci

Final chapters of the book. Summarize and conclude your reading of the book.

This includes:

- i. Highlights of the book
- ii. Limitations: what do you think should have been covered better? What was lacking in the book? What could the author do for future research?
- iii. What was your overall impression and recommendation on the book? Would you recommend that others read this book? Why or why not?

instruction :

Each discussion board entry should be a minimum of 350-400 words in length. Grammar, punctuation, and spelling will count towards your grade. (For example, I will deduct one point for each non- capitalized letter “I”, e.g., i’m, i.)
