

Community Based Service Learning (CBSL) Practicum Activity

	Content	Possible Points	Points Earned
1	Interview a person with a compromised health state. What is the compromised health state? When did it begin? What type of complications or problems has the patient encountered based on the disease process?	20	
2	Discuss three (3) resources in your community this patient may benefit from now or earlier in the course of the patient's compromised health state. How would these resources help the patient? Locate and summarize a recent scholarly article (within last 3-5 years) that supports the use of these community resources for such a patient.	40	
3	Seek out the resources you described in # 2 and describe how the patient would gain access to these services. Are there any financial restrictions to gaining access to the services? Would this patient be eligible? This will require you to interview a person at the agency.	20	
4	Based on the interviews at the resource facilities previously described detail how someone who is having to social distance could still benefit from the resources in the community agency.	10	
5	APA format-Develops a Power Point, no more than 10-12 slides excluding references and title slide, adheres to Power Point Guidelines, accurate in text citations and references	10	
	There will be a 10 point per day deduction for each day late. After 3 days the assignment will not be accepted, resulting in course failure.
