Appendix B Relative Humidity and Dew-Point Tables	741
GLOSSARY	742
> Index	754

2. Refer to the accompanying weather map to answer the following questions:

- a. What is a likely wind direction at each city?
- b. Identify the likely air mass that is influencing each city.
- c. Identify the cold front, warm front, and occluded front.
- d. What are the barometric tendencies at city A and city C?
- e. Which one of the three cities is probably coldest? Which one is probably warmest?

3. Apply your knowledge of fronts to explain the following weather proverb:

Rain long foretold, long last;
