Key experiences and skills

- ◆ In my second year of college, I worked as an assistant to a senior accountant at a company that produces peanut oil
- ◆ In my third year, I was hired as an intern at the same company during the summer internship program
- ◆ During my time at the company and my exposure to different corporate financial management, I gained skills such as time management, problem solving skills, interpersonal skills, communication skills and teamwork

How my experience relates to what I want to do after UIC

- ◆ As a young accountant, gaining my certification will enable me to take on bigger projects
- ◆ Based on my experience, gaining a deeper understanding of accounting will improve my provision skills and improve my clients' satisfaction

Unique strengths, personal qualities and skills

- ◇ Based on my experience and my journey as a young accountant, I have learned that persistence and patience goes a long way in success
- ◇ Additionally, my humble nature and will to learn and gain new skills and knowledge has been my drive since I began my journey in accountancy
