Visit the following website and take the quiz titled: What should I major in?

<http://www.testq.com/education/quizzes/158>

Decide on a major you'd choose for college. Use the following search engine to find a school that's right for you:

<https://www.petersons.com/college-search.aspx>

Write a paper at least 3 paragraphs long about what you read answering the following questions. Make sure your paragraphs are 7-9 sentences long. If you are writing a paper it should equal a full page, a slide show should be 5 slides (title, plus a slide for each question) and if you are recording it should be 3-5 minutes in Mp3 or Mp4 format.

Some questions to consider when writing your paragraphs:

- 1) What is your major
- 2) For your major will you be able to attend a school where you live?
- 3) Will you be attending online or on campus?
- 4) What is the cost of the program you choose?
- 5) Will you need to apply for a student loan?
- 6) Are you choosing your first choice or settling for a school you can afford?
