**FINAL GROUP PROJECT  
(Due Wednesday, June 5th)**

You will be assigned a Group.

Each Group will be assigned a film.

As a Group, you will create a two-part, 15-minute presentation *to be delivered before the class on Wednesday, June 5th.*

**The two parts will be as follows:**

- 1) Describe your assigned film from a *narrative, structural, thematic, and stylistic perspective.*
- 2) Explain *the relationship between the film and its cultural/societal context.*

Your presentation will require in-depth research.

You may use visual aids (slide-shows, posters, handouts, etc.).

The presentation should be *no more than 15 minutes! This requires rehearsals and timing!*

*Make sure your presentation meets all of the above criteria!*

Within the Group, you may divide responsibilities any way you wish, but you will **NOT** be graded individually -- you will be graded as a Group (in other words, everyone will receive the same grade based upon the overall quality of the presentation).

Group Presentations will be delivered *on Wednesday, June 5th!*

***Use your imagination! Be creative! Have fun!***
