

Information about Final Exam for CHEM1303.005, Fall 2017 (Professor Peng Tao)

Here is some important information about our final exam. Please read it carefully!

- 1) The final exam is scheduled on **Monday, December 11, 2017, 11:30 AM – 2:30 PM. It will be in our classroom FOSC 123.** The final exam will be comprehensive and cover all the materials in our class.
- 2) There will be two parts in the final exam.

Part 1: total of 40 points, 55 minutes

Part 2: total of 160 points

Part 1 is a standard test with 40 multiple choices questions (one point for each problem). You will be given an exam booklet and scantron answer sheet. For Part 1, you do need a **No. 2 pencil** to fill the scantron sheet!

Part 2 is a comprehensive exam with problems similar to the problems from three exams and six quizzes as well as homework problems.

We will distribute both Part 1 and 2 at 11:30AM. You will need to work on Part 1 first.

You will be given 55 minutes to finish Part 1. You can start working on Part 2 before the 12:25PM. Exam booklet and scantron sheets for Part 1 will be collected at 12:25PM.

Please prepare well for the final exam by having enough sleep during the night before, bringing **No. 2 pencil (for Part 1 scantron sheet), pen and non-graphic calculator** with you to the exam. Make sure that you visit the restroom before the exam.

- 3) To prepare for the final, please focus on the following materials (in order of importance).
 - a) **All the Exams (1-3) and Quizzes (1-6).**
 - b) **All the problems covered in the class.**
 - c) **Homework problems**
- 4) No cell phones, not even in your pocket.
- 5) Place all books, bags, papers, etc. in the front of room.
- 6) Attached are the memorization sheet for the final Exam. Please go through the sheet to make sure that you understand and memorize all the material. This sheet only serves as general guidance. You do need to have comprehensive understanding of all the materials covered in the class to do well in the final exam.
- 7) Please sleep well and eat well!
