

Your Final project, is to make a PowerPoint, interpreting “To An Athlete Dying Young” by George Herbert

YOU MUST INCLUDE TWO LITERARY TERMS CONNECTED TO POETRY.

In this final poetry project, you are to illustrate [on a PowerPoint presentation] the poem “To An Athlete Dying Young” in regards to TWO of the LITERARY TERMS. The poem's text must be included in the presentation, along with pictures / illustration. Here you are doing a visual poetry analysis where you will demonstrate your interpretation of the poem through pictures. Be creative.

The PowerPoint should be 8-12 slides long .

Each slide must include a line or two from the poem...in the same order of the poem. In other words, your PowerPoint should go through the poem.

Each slide should include PICS / TEXT illustrating the particular lines.

At the end or beginning, you should show the connection to two literary terms.

(When quoting a poem, lines are separated by slashes)
