

Food, Inc." documentary and chapter 12 relation/reflection paper

I am assigning a documentary reflection assignment for chapter 12 Consumerism: From Farm to Table. You will watch the "Food, Inc." (shows where our food comes from) video on this link <http://www.documentarymania.com/player.php?title=Food%20Inc>

[\(Links to an external site.\)](#)

After viewing the video, you will pick three topics from chapter 12 in the textbook or power point notes, and write a 1-2 page paper explaining how each topic relates to the "Food, Inc." video. I also want you to include a reflection of something you learned from the video. Your video relation/reflection paper is due **11/25@ 11:59pm**. You submit it through canvas.
