GUIDELINES:

Exploring your passion is all about giving voice to what you are truly meant to do in life.

There are times when you will have a job just to pay the bills, or to meet some other kind of commitment.

However, it is our wish for you that you take the time to understand your wants and needs, develop strategies to deal with adversity and ultimately feel fully empowered to pursue your dreams.

Before you attempt to complete this assignment, read pages 35-95 in the Text Book.

This assignment actually has 3 distinct sections.

1. Complete the activity on page 43- 44 of the text book (Personal Reflection). List the three top elements that you come up with and explain how those elements may, or may not, help inform some of the decisions you face going forward.
2. The text book talks about Business Plans and Career Plans being similar. Choose at least **3** from the following list of 6 concepts and identify one way that the factors within a business plan context and a career plan context are similar and one way that they are different. Identify the concept you choose and then list how they would be similar and how they might be different. The factors you can choose from are:
