PROCEDURE AND THE DIAGNOSIS

Diagnosis

- ❖ Measuring various aspects and functions of the eye, such as visual acuity, color vision, and intraocular pressure.
- ❖ The pupils have to be dilated for best results.

Procedure

- ❖ The process involves creating a very tiny opening on the natural lens of the eye.
- ❖ Removing the hardened part.
- ❖ Replacing it with a new artificial lens.

PRACTICE FUSION

A screenshot of the Practice Fusion EHR web application interface. The interface has a dark grey header bar with a 'Help' dropdown, a user profile 'Hafssa Yahya | Hafssa Yahya Practice', and links for 'Settings', 'Log out', and 'Lock'. On the left is a dark sidebar with icons and labels for 'practice fusion', 'Home', 'Schedule', 'Tasks', 'Charts', 'Messages', and 'Reports'. The main content area is white and features a large orange circle with a white exclamation mark above a grey document icon. Below this is a prominent blue banner with the text 'Your free trial of the Practice Fusion EHR has expired'. Underneath the banner, a message states 'To continue using your EHR account, sign up for a subscription plan.' followed by two buttons: 'Learn more' and 'Subscribe now'. At the bottom of the main area are links for 'Log out', 'Contact us', and 'Terms and conditions'.
