

## Here are my suggestions:

1. The thesis needs to be a single sentence, and be careful with repetition. Tell me that the daffodils symbolize \_\_\_\_\_ in the poem. How do they symbolize beauty?
2. Again, the first sentence of each body paragraph needs to be applied specifically to what's happening in the poem rather than just life in general. The same goes for when you analyze the poem throughout the paragraph. I keep mentioning this to you...
3. Make sure that you integrate your quotes.
4. Each paragraph needs to be about 1/2 page-3/4 page in length.
