Welcome to Internship Experience UK:
On Demand

We're delighted that you're part of Bright Network's Internship Experience UK: On Demand

Since starting Bright Network in 2013, we've been on a mission to connect the next generation with the opportunities, insights and advice to succeed as the workforce of tomorrow. There's no doubt that these are particularly challenging times and with the limited career opportunities currently available, there has been a drop in confidence amongst the student community.

At Bright Network, we're always looking for ways to support the student and recent graduate community, and that's why I'm proud to launch Internship Experience UK. Bringing together graduate employers and educational institutions, this is a unique three-day experience for students, which will have a lasting impact on future careers.

With this platform, we aim to support students in their career discovery, boost experience and give them an opportunity to build networks. These are all things which are more essential than ever during this time. If we can give students the tools to be proactive and use this time wisely, they will come out the other side stronger, better and more resilient than ever.

Finally, I would like to thank everyone involved in supporting and joining Internship Experience UK, making it truly the first ever event of its kind.

James & the Bright Network Team

Internship 
Experience UK

How On Demand works

The On Demand experience is designed to give you the same content and knowledge as the live experiences. You'll be able to watch all of the sessions, complete the sample work and boost your employability. Here's how it works:

Step 1

Watch the three core sessions and five sector specialist sessions (see the agenda on the next page).

Step 2

Download your sample work and the sample work set up video, which will give you all the instructions (don't worry about the submission time mentioned in this video).

Step 3

Submit your sample work by Friday 7th August at 11am. This is a hard deadline, so we recommend getting in your sample work as soon as possible. [Here's the link to submit your work.](#)

Step 4

As soon as you submit your work, you'll be automatically sent a new video which outlines **what good looks like** and gives you **a scoring matrix**. You'll also receive a **self-reflection worksheet**, which you need to complete and submit by Monday 10th August at 11am.

Step 5

Your certificate will be sent to you shortly after both step 3 and 4 are complete. You'll also receive a CV/application advice session to support your future applications.

Agenda

Here's your agenda for the On Demand experience in Finance & Professional Services.

Submissions can either be a Google Drive, WeTransfer or Dropbox link. [Submit your work](#)

Helpdesk

If you have any questions about the On Demand experience, please contact the helpdesk – ieuk@brightnetwork.co.uk

Note: we can only advise on technical issues and general questions. Unfortunately, we can't offer help on your work sample.

Best of luck with it all and looking forward to receiving your work sample.

Thank you
