

Online Classroom Setting

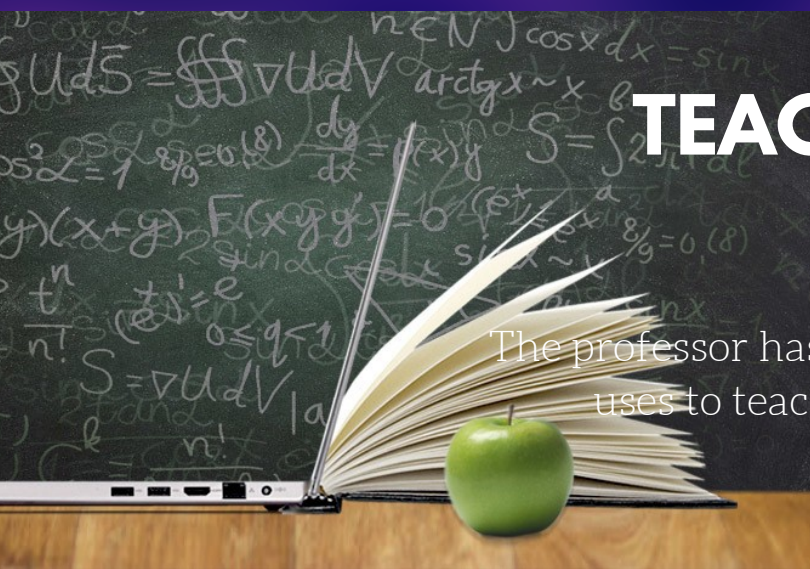

"THIS IS WHAT A GOOD CLASS LOOKS LIKE..."

PRESENTER (INSTRUCTOR)

Online classroom consists of a presenter who is the instructor or professor teaching the specific subject. The instructor is responsible for introducing the learning subject to the students. He or she also engages all the class participants to ensure each grasps the concept being taught.

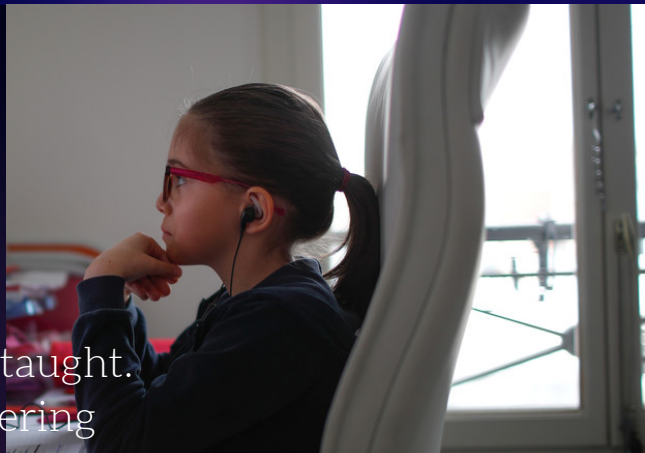

TEACHING MATERIALS

The professor has usually prepares materials that he or she uses to teach students. The materials include a laptop, charts, lcomputer and writing board. .

STUDENT

Each online classroom has students who are being taught. The students are responsible of listening and answering questions being asked by the instructor hence actively participating in the class.

STUDENT LEARNING MATERIALS

Each student has learning materials that they use so as to effectively grasp all the concepts being taught. The materials included laptop, textbooks, earphones, phones, pens and writting books.

ASSIGNMENTS

Lastly, after every online class the lecturer usually engages the students with assignments to be able to know if they understood the concept taught. The assignments engagement can be in form of discussings or assignemnst to be turned in.
