

About Isabel!

- Developed to empower and engage healthcare consumers.
- Patient's have access to evidence-based resources for symptom and disease information.
- It is free to use.
- Based on a tool used by doctors

Sites on the web have made it possible for consumers to get help with their medical conditions.

Isabel; Symptom Checker

Website;
www.symptomchecker.isabelhealthcare.com

- Enter your symptoms in everyday language.
- Can enter many symptoms at once.
- Can also enter test results and chronic conditions you have.

How to use Isabel?

Isabel: Where to get care

'Where to get care' triage tool; helps you decide where to seek care based on your symptoms

'Where to get care' assigns a score to the condition list and your answers to 7 important questions and comes up with a combined score on a colored bar advising where to seek care.
