

To whom it may concern:

I am pleased to write this letter of recommendation for Merna Ayad. Merna has been a pharmacy technician at CVS Pharmacy under my direct supervision as a pharmacy manager for the past year. She has succeeded in mastering the high pace environment of retail pharmacy all while keeping a positive attitude and friendly demeanor.

Merna is a hard working employee that is willing to go the "extra-mile" to assist staff and customers. Merna has demonstrated the ability to learn on the job and the capacity to take on new initiatives with a positive attitude. Over the past year, Merna has demonstrated that she can have an objective to complete, with an established outcome, and achieve or outperform the desired goal with minimal oversight.

In conclusion, Merna has been a great employee that has met or exceeded all expectation as a pharmacy technician. Merna has been an asset to our company and has the ability to succeed in all future endeavors.

Sincerely,

David Notte, pharmD
