Although this is not a "grammar" class, this is an academic class and you should consider the following:

"You may not be judged by the color of your skin, eyes, or hair, your weight, your age, or your clothing. You will, however, be judged by the quality of your writing. Use proper spelling and grammar."

"Pay attention to the content of your writing. Be sure you know what you're talking about; bad information propagates like wildfire on the net. In addition, make sure your writing is clear and logical. It's perfectly possible to write a paragraph that contains no errors in grammar or spelling, but still makes no sense whatsoever."
