MyPlate Plan

Find your Healthy Eating Style

Everything you eat and drink matters. Find your healthy eating style that reflects your preferences, culture, traditions, and budget—and maintain it for a lifetime! The right mix can help you be healthier now and into the future. The key is choosing a variety of foods and beverages from each food group—and *making sure that each choice is limited in saturated fat, sodium, and added sugars*. Start with small changes—“**MyWins**”—to make healthier choices you can enjoy.

Food Group Amounts for 2,200 Calories a Day

				
2 cups	3 cups	7 ounces	6 ounces	3 cups
Focus on whole fruits Focus on whole fruits that are fresh, frozen, canned, or dried.	Vary your veggies Choose a variety of colorful fresh, frozen, and canned vegetables—make sure to include dark green, red, and orange choices.	Make half your grains whole grains Find whole-grain foods by reading the Nutrition Facts label and ingredients list.	Vary your protein routine Mix up your protein foods to include seafood, beans and peas, unsalted nuts and seeds, soy products, eggs, and lean meats and poultry.	Move to low-fat or fat-free milk or yogurt Choose fat-free milk, yogurt, and soy beverages (soy milk) to cut back on your saturated fat.

Drink and eat less sodium, saturated fat, and added sugars. **Limit:**

- Sodium to **2,300 milligrams** a day.
- Saturated fat to **24 grams** a day.
- Added sugars to **55 grams** a day.

Be active your way: Children 6 to 17 years old should move **60 minutes** every day. Adults should be physically active at least **2 1/2 hours** per week.

MyPlate Plan

Write down the foods you ate today and track your daily MyPlate, MyWins!

Food group targets for a 2,200 calorie* pattern are:		Write your food choices for each food group	Did you reach your target?
