Everyone's situation is unique and I want to work with you all to ensure you can still deliver your presentation. Please be creative in sharing your presentation with your classmates. You can use a microphone talk over the Powerpoint, create a YouTube Video, PDF, etc. to showcase your research that you have done on your topic. You will submit your presentation on Blackboard. Each student is required to post on EVERYONE's presentation ONE QUESTION and ONE COMMENT. This will ensure that everyone has viewed the presentation. We all can learn from each other and it is a great way to continue to interact as classmates. We are all in this together. I have so much faith and love for all of you! Please let me know as soon as possible how I can help or assist you in creating your presentation.**

- I highly encourage you to use all your resources available to you on campus to help assist you with your paper and presentation.
