The Career Services Specialist answered each question accurately and clearly.	✓			

Which one piece of information has helped you think about initiating your career search?

I believe the activity at the beginning really helped me think more about initiating my career search. The interactive nature really drove home the point of what small things you might not always think about in order to be considered as "ready" to apply as a nurse.

What topic from the workshop do you think will be most beneficial to your future career planning?

The various aspects such as helping ~~now~~ resume writing, or getting ready for interviews will be most beneficial.

What would you like to see improved from this workshop?
