INSTRUCTIONS

Choose a topic of interest to you. It can be ANYTHING that is appropriate in a college classroom. Create a PowerPoint presentation on your topic.

Within your PowerPoint, be sure to have the following techniques:

- 6 X 6 rule followed on every slide
 - 6 words per bullet
 - 6 bullets only per slide
- Notes on slides (what you would say during a presentation)
- At least **three** different slide layouts
- One slide must have the background formatted as a picture
- A table or chart, formatted attractively
- Bullets or numbering
- Clip art, images and/or graphics on **each** slide
- A drawing object (shape) or SmartArt diagram
- Slide transitions for every slide
- Custom animation on at least 3 slides
- Insert and format audio and video
- Appropriate slide layouts, colors and design....make it look professionally great!

Once you've included your content and all techniques, save and submit your finished presentation to D2L in the PowerPoint Project assignment folder.
