

Question 1

Should telehealth be continuous approval from insurance companies as a patient option beyond Covid 19?

must be at least 400 words

2 peer reviewed references within the last 5 years APA format.

Question 2

You have successfully passed your advanced practice registered nurse (APRN) certification course and received your credentials to practice as an APRN.

You are interested in working for a full-service facility that focuses on prevention and wellness. The facility is scheduled to open in 45 days and is considered to become the most forward-thinking, state-of-the-art facility in the region. Describe the four basic methods by which you can negotiate salary compensation and choose the best method for your circumstances?

must be at least 400 words

2 peer reviewed references within the last 5 years APA format.

Question 3

You have successfully passed your advanced practice registered nurse (APRN) certification course and received your credentials to practice as an APRN.

Although you have worked in a hospital for several years, you are interested in pursuing other practice areas and have received several requests for interviews. To prepare for your formal interview, you are creating a list of questions to ask the interviewer. You identified the practice specialty, environment, and patient population in your first telephone interview. What other questions should you ask?

must be at least 400 words and 2 peer reviewed references within the last 5 years APA format.
