The issue of child labor in many countries including the United States is highly prohibited.

<http://web.archive.org/web/20190710003439/https://www.ncbi.nlm.nih...>

...been subsequently shown to be selectively used, manipulated, and outrig
ht fraudulent-led to a long period of eugenics both in the United States and
Europe and the subsequent rise of the concept of inherent group superiorit
y. This had disastrous consequences for Jews, Gypsies, intellectuals, nonco
nformists, and the mentally ill, among immigration policies **in many countri
es, including the United States.** no small role to play in this crime of histori
cal proportions (Witkowski and Inglis 2008). As a number of the authors in
this collection describe, there is still a continuing tendency to conflate all m
anner of group differences with gene differences (Herrnstein and Murray 1
994; Cooper 2013; Duster 2014; Wade...
