

## World Issues Brainstorm

Brainstorm all the major world issues talking place right now...go deeper into the **CAUSES** of these issue. List as **MANY** as you can on this board. Next scroll through the board and brainstorm your idea.

**Spatial Significance:  
where is issue  
happening? Why is  
it happening there?  
What are the  
geo-political  
causes?**

**What patterns and trends can be observed with this issue? What happened in the past (historical patterns) and where do you see this issue going (future trends)?**

**What is the geographic causes and impacts of this issue (Social, Political, Economic, Environmental and Cultural)?**

Using the geographic perspective, what is the greatest issue the world is currently facing?

**Write your  
thesis  
here:**
