Reflection Questions:

1. At the time of Bundy's crimes, trial and convictions, DNA evidence had just been developing and was not used routinely like it is today. Technology was simply not as advanced enough. Do you think this caused Bundy to roam free and "innocent" for so long? Why or why not? How important do you think DNA evidence is to solve crimes not only in Canada, but around the world? Does every country use DNA evidence? (5 marks)

2. Compare and contrast American Ted Bundy from Canadian serial killer Robert Pickton and former nurse Elizabeth Wettlaufer. How are these cases similar and different? Refer to the concepts of the elements of crime *(Mens Rea and Actus Reus)* (5 marks)
