

assignment instruction

make sure to write each section in a separate file

Part one: Focus on a current *public health* administration and/or policy issue. Current means the article must have been written within a two week time-period of the article due date. Students may not use Yahoo, People magazine, or other tabloid based sources. Acceptable sources include (but are not limited to): Time Magazine, Wall Street Journal, USA Today, CNN, etc.

- Each current event submission must include:

- Summary of the article (12.5 points)
- Include your opinion of the topic discussed. Do you agree? Disagree? How did the article make you feel? (12.5 points)

use the upload formate for this section

part two: Conduct research on HIPAA and HITECH, and discuss the implications of confidentiality violations on behalf of an individual or an organization. Look at how HIPAA and HITECH policies are enforced. How could this affect your current or future workplace?

this part should be a minimum of 150 words.

after you answer this question in separate paragraph in the end answer this question How could you use these findings in your current or future work environment?
