

GRADED PROJECT

MICROSOFT ACCESS 2016

INTRODUCTION

The purpose of this project is to create a home inventory database that can be referred to in case of damage, theft, or natural disaster. You'll assume the role of homeowner, who over time has acquired many valuable assets. You'd like to more easily manage purchase history, product serial and model numbers, warranties, and appraisal information. For this project, you must create an Access database with forms, queries, and reports that you will store off site in case of emergency.

INSTRUCTIONS

CREATE A DATABASE

1. Start Access and create a **Blank database**, naming it "Inventory."
2. On the **Home** tab, click **View** and then name the new table "Inventory."
3. In Design view, change the field name ID to Item ID and verify that it is data type AutoNumber and that it has been selected as the Primary Key.
4. In Design view, add the remaining fields and corresponding data types:

Field Name	Data Type	Description
Item Name	Short Text	
Category	Short Text	Appliances, Electronics, Jewelry, Other
Manufacturer	Short Text	
Model	Short Text	
Serial Number	Short Text	
Purchase Date	Date/Time (Short Date)	
Purchase Price	Currency	
Merchant ID	Number	
Online Purchase	Yes/No	
Credit Card Purchase	Yes/No	
Warranty Type	Short Text	Store, Manufacturer, Other
Warranty Length	Short Text	
Repair	Yes/No	
Repair Date	Date/Time (Short Date)	
Comments	Short Text	

5. Save and then close the Inventory table.
6. Create a second table in Design view. Name the table "Merchants."
7. Add the following fields and corresponding data types. Be sure Merchant ID is the Primary key:

Field Name	Data Type	Description
Merchant ID	AutoNumber	
Merchant Name	Short Text	
Address	Short Text	
City	Short Text	
State	Short Text	
Zip	Short Text	
Email	Hyperlink	
Website	Hyperlink	
Telephone	Short Text	
Fax	Short Text	

8. Save and then close the Merchants table.
9. Create a relationship by linking the Merchant ID in the Inventory table to the Merchant ID in the Merchants table. Be sure to enforce referential integrity.

CREATE FORMS AND POPULATE THE DATABASE

1. Create a Merchants form that looks similar to Figure 1.

The screenshot shows the Microsoft Access interface. On the left, the 'Tables' list includes 'Inventory' and 'Merchants'. The 'Merchants' table is selected, and its form is displayed in Design view. The form has a title bar 'Merchants' and a header section. Below the header, there are ten text boxes for data entry, each with a label to its left: 'Merchant ID' (containing '(New)'), 'Merchant Name', 'Address', 'City', 'State', 'Zip', 'Email', 'Website', 'Telephone', and 'Fax'. At the bottom of the form, there is a footer section with labels 'Item ID', 'Item Name', 'Category', and 'Manufacturi'. The status bar at the very bottom indicates 'Records: 1 of 1' and 'No Filter'.

Figure 1

2. Create an Inventory form that looks similar to Figure 2.

The screenshot shows an Access form titled 'Inventory' with a sidebar on the left containing 'All Access ...', 'Search...', 'Tables', and 'Forms'. The 'Inventory' table is selected. The form has the following fields:

Item ID	(New)	Purchase Price	\$0.00
Item Name		Merchant ID	0
Category		Online Purchase	☐
Manufacturer		Credit Card Purchase	☐
Model		Warranty Type	
Serial Number		Warranty Length	
Purchase Date		Repair	☐
		Repair Date	
		Comments	

At the bottom, it says 'Records: 1 of 1' and 'No Filter Search'.

Figure 2

3. Use the Merchants form to populate the appropriate sections in the Merchants table with the records listed below.

Merchant Records

Merchant ID	1
Merchant Name	Electronics Mart
Address	65 Resister Ave.
City	Blankston
State	PA
Zip	18454
Email	emart@blanknet.com
Website	www.emart.com
Telephone	(570) 555-1111
Fax	(570) 555-1112

Merchant ID	2
Merchant Name	Appliances Inc.
Address	2020 Mechanics Road
City	Blankston
State	PA
Zip	18454
Email	n/a
Website	n/a
Telephone	(570) 555-1234
Fax	(none)

Merchant ID	3
Merchant Name	Stuff Mart
Address	721 Frengburg St.
City	Shopville
State	NY
Zip	10022
Email	custserv@stuffmart.com
Website	www.stuffmart.com
Telephone	(212) 555-5432
Fax	n/a

Merchant ID	4
Merchant Name	Phones and More
Address	21 Framer Circle
City	Klossville
State	PA
Zip	19019
Email	callus@phonesandmore.com
Website	www.phonesandmore.com
Telephone	(612) 555-9876
Fax	n/a

Merchant ID	5
Merchant Name	Jewelry Warehouse
Address	24 Karat Street
City	Platoid
State	NY
Zip	00050
Email	info@jewelware.com
Website	www.jewelware.com
Telephone	(609) 555-3344
Fax	(609) 555-3345

Merchant ID	6
Merchant Name	Crazy John's Computers
Address	456 Enterprise St.
City	Wynnsville
State	CO
Zip	18888
Email	crazy@merchandizing.net
Website	www.merchandizing.net/crazy
Telephone	(301) 555-9080
Fax	n/a

Merchant ID	7
Merchant Name	Collector's Emporium
Address	256 Antiques Ave.
City	Oldensurg
State	PA
Zip	18999
Email	findit@collectibles.net
Website	www.collectibles.net
Telephone	(570) 555-1608
Fax	(570) 555-1609

4. Use the Inventory form to populate the appropriate sections in the Inventory table with the records listed below.

Inventory Records

Item ID	1
Item Name	GameBox
Category	Electronics
Manufacturer	Super
Model	GB928
Serial Number	R729-382
Purchase Date	2/1/2017
Purchase Price	\$599.00
Merchant ID	1
Online Purchase	No
Credit Card Purchase	Yes
Warranty Type	Manufacturer
Warranty Length	2 years, parts only
Repair	No
Repair Date	(none)
Comments	packaged with one free game control

Item ID	2
Item Name	Smart TV
Category	Electronics
Manufacturer	Super
Model	4200
Serial Number	1930456
Purchase Date	2/20/2017
Purchase Price	\$499.00
Merchant ID	1
Online Purchase	No
Credit Card Purchase	Yes
Warranty Type	Manufacturer
Warranty Length	90 days, parts only
Repair	No
Repair Date	(none)
Comments	(none)

Item ID	3
Item Name	Laptop
Category	Electronics
Manufacturer	Deluxe
Model	SuperFast
Serial Number	879603-109-345
Purchase Date	2/27/2017
Purchase Price	\$899.00
Merchant ID	3
Online Purchase	No
Credit Card Purchase	Yes
Warranty Type	Manufacturer
Warranty Length	1 year, parts and labor
Repair	Yes
Repair Date	6/1/2017
Comments	keyboard replaced

Item ID	4
Item Name	Bluetooth Headset
Category	Electronics
Manufacturer	Wireless
Model	BT54910
Serial Number	345-896-000
Purchase Date	2/22/2017
Purchase Price	\$99.00
Merchant ID	4
Online Purchase	Yes
Credit Card Purchase	Yes
Warranty Type	Manufacturer
Warranty Length	12 months, parts only
Repair	No
Repair Date	(none)
Comments	(none)

Item ID	5
Item Name	Ink Jet Printer
Category	Electronics
Manufacturer	Pro
Model	U750
Serial Number	555639870
Purchase Date	1/15/2017
Purchase Price	\$49.00
Merchant ID	6
Online Purchase	Yes
Credit Card Purchase	Yes
Warranty Type	Manufacturer
Warranty Length	90 days, parts and tech support
Repair	No
Repair Date	(none)
Comments	(none)

Item ID	6
Item Name	Refrigerator
Category	Appliances
Manufacturer	Wonderlux
Model	Ice Age 2000
Serial Number	2567590
Purchase Date	4/5/2017
Purchase Price	\$999.00
Merchant ID	2
Online Purchase	No
Credit Card Purchase	Yes
Warranty Type	Manufacturer/store
Warranty Length	2 years, parts and labor/5 years, refrigeration parts
Repair	No
Repair Date	(none)
Comments	(none)

Item ID	7
Item Name	Washing Machine
Category	Appliances
Manufacturer	Wonderlux
Model	CL900
Serial Number	90050221
Purchase Date	6/4/2017
Purchase Price	\$625.00
Merchant ID	2
Online Purchase	No
Credit Card Purchase	Yes
Warranty Type	Manufacturer
Warranty Length	1 year, parts and labor
Repair	No
Repair Date	(none)
Comments	(none)

Item ID	8
Item Name	Clothes Dryer
Category	Appliances
Manufacturer	Wonderlux
Model	DR199
Serial Number	199502211
Purchase Date	6/4/2017
Purchase Price	\$700.00
Merchant ID	2
Online Purchase	No
Credit Card Purchase	Yes
Warranty Type	Manufacturer
Warranty Length	1 year, parts and labor
Repair	No
Repair Date	(none)
Comments	(none)

Item ID	9
Item Name	Dishwasher
Category	Appliances
Manufacturer	Washomatic
Model	DW19
Serial Number	195-763984
Purchase Date	8/12/2017
Purchase Price	\$475.00
Merchant ID	3
Online Purchase	No
Credit Card Purchase	Yes
Warranty Type	Manufacturer
Warranty Length	1 year, parts and labor
Repair	No
Repair Date	(none)
Comments	(none)

Item ID	10
Item Name	Smart Phone
Category	Electronics
Manufacturer	EasyPhone
Model	17S
Serial Number	567-39QR4512
Purchase Date	1/30/2017
Purchase Price	\$799.00
Merchant ID	4
Online Purchase	No
Credit Card Purchase	Yes
Warranty Type	Manufacturer
Warranty Length	1 year, parts only
Repair	No
Repair Date	(none)
Comments	(none)

Item ID	11
Item Name	Heart Pendant on Gold Chain
Category	Jewelry
Manufacturer	GoldPlus
Model	n/a
Serial Number	n/a
Purchase Date	2/11/2017
Purchase Price	\$599.00
Merchant ID	5
Online Purchase	No
Credit Card Purchase	Yes
Warranty Type	n/a
Warranty Length	n/a
Repair	No
Repair Date	(none)
Comments	24 karat gold, 18" serpentine link chain

Item ID	12
Item Name	Engagement Ring
Category	Jewelry
Manufacturer	Jewelserv
Model	n/a
Serial Number	n/a
Purchase Date	2/12/2017
Purchase Price	\$2,500.00
Merchant ID	5
Online Purchase	No
Credit Card Purchase	Yes
Warranty Type	n/a
Warranty Length	n/a
Repair	No
Repair Date	(none)
Comments	Appraisal in safety deposit box

Item ID	13
Item Name	Super Hero #1 Comic Book
Category	Collectibles
Manufacturer	Funny Publishing May 1976 (publisher)
Model	n/a
Serial Number	n/a
Purchase Date	5/25/2017
Purchase Price	\$39.00
Merchant ID	7
Online Purchase	Yes
Credit Card Purchase	Yes
Warranty Type	n/a
Warranty Length	n/a
Repair	No
Repair Date	(none)
Comments	9.4 Comic Book Grading

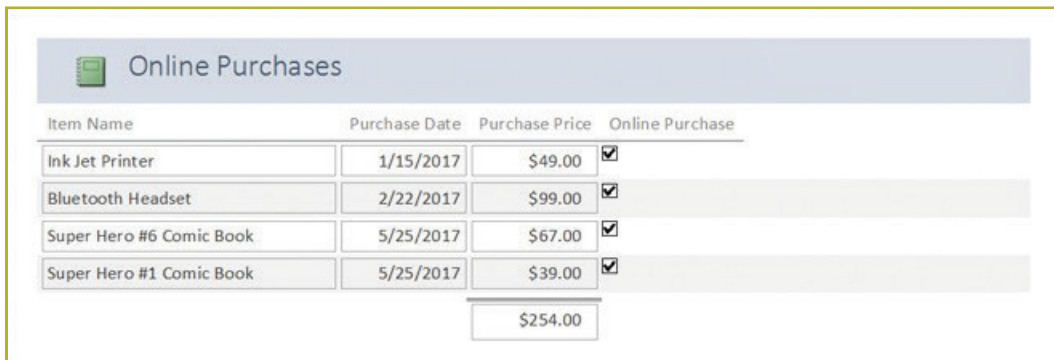

Item ID	14
Item Name	Super Hero #6 Comic Book
Category	Collectibles
Manufacturer	Funny Publishing November 1976 (publisher)
Model	n/a
Serial Number	n/a
Purchase Date	5/25/2017
Purchase Price	\$67.00
Merchant ID	7
Online Purchase	Yes
Credit Card Purchase	Yes
Warranty Type	n/a
Warranty Length	n/a
Repair	No
Repair Date	(none)
Comments	9.2 Comic Book Grading

QUERY THE DATABASE

1. Create a select query that retrieves the Item Name, Purchase Date, Purchase Price, and Online Purchase fields from the Inventory table for items purchased online.
 - a. Have the select query sort the results in chronological order by Purchase Date.
 - b. Be sure to format the Datasheet view so that all field names and data are displayed entirely.
 - c. Save the query naming it "Online Purchases" and then close the query.
2. Create a select query that retrieves the Merchant Name from the Merchants table and the Item Name, Category, Manufacturer, and Purchase Date from the Inventory table for appliances.
 - a. Have the select query sort the results in alphabetical order by Merchant Name.
 - b. Be sure to format the Datasheet view so that all field names and data are displayed entirely.
 - c. Save the query naming it "Appliance Purchases" and then close the query.

CREATE REPORTS

1. Create a tabular report using the Online Purchases query.
 - a. Sort the report data by Purchase Date.
 - b. Print Preview your report and adjust formatting as necessary, making sure all data are displayed on one page, as shown in Figure 3.

Item Name	Purchase Date	Purchase Price	Online Purchase
Ink Jet Printer	1/15/2017	\$49.00	☒
Bluetooth Headset	2/22/2017	\$99.00	☒
Super Hero #6 Comic Book	5/25/2017	\$67.00	☒
Super Hero #1 Comic Book	5/25/2017	\$39.00	☒
		\$254.00	

Figure 3

- c. Save the report naming it "Online Purchases," and then close the report.

2. Create a tabular report using the Appliance Purchases query.
 - a. Reduce field widths so that all fields are displayed in portrait orientation.
 - b. Move the Page 1 of 1 footer so that it is centered below the report data.
 - c. Delete the record count and the summary line below the Merchant Name data.
 - d. Group the report data by Merchant Name.
 - e. Sort the report data by Purchase Date.
 - f. Print Preview your report and adjust formatting as necessary, making sure all data are displayed on one page, as shown in Figure 4.

Appliance Purchases				
Merchant Name	Item Name	Category	Manufacturer	Purchase Date
Appliances Inc.	Refrigerator	Appliances	Wonderlux	4/5/2017
	Clothes Dryer	Appliances	Wonderlux	6/4/2017
	Washing Machine	Appliances	Wonderlux	6/4/2017
Stuff Mart	Dishwasher	Appliances	Washomatic	8/12/2017

Figure 4

- g. Save the report naming it "Appliance Purchases," and then close the report.
