

In the Final Literature Review/Report you will review 2 articles and critique their approaches for any weaknesses. The report should be 3–4 pages double-spaced, 12-point font, Times New Roman, with 1 inch margins. The Title page and Reference section should be on separate pages from the rest of the report (please see an example APA report below). The Final Review has a page limit that you must abide by. This is to ensure that our TA is not overburdened by very long reports. To reiterate, the report should consist of 1 Title page, 3–4 pages of content, and 1 Reference section page.

The report should be a Word or PDF document and must be submitted on BrightSpace before midnight of the due date. A 20% penalty/day will be incurred for late submissions. Please name the file of your report using the following format:

PSY3102-SECTION Final Report LAST NAME
e.g., **PSY3102-B Final Report KONAR**

Make sure that your topic is narrowly defined so that the articles you picked are thematically linked. The Final Review will be marked not only on content but also on whether you have followed the APA rules for formatting of the Title page and the Reference section.

The Final Literature Review must have the following structure:

SECTIONS	POINTS (100 points)
TITLE PAGE , in APA format (1 st page)	5
INTRODUCTION , starts on page 2	55
Topic that you explored	5
What is known about your topic	10
What is not known about your topic	10
What did the researchers in the 2 articles find	20 (10/article)
Implications of the findings	10
CRITIQUE	30
Strengths and weaknesses of each article	20 (10/article)
Discuss whether the methods used in the articles helped address the topic/issue	10 (5/article)
REFERENCES , in APA format (Last page)	5
APA formatting	5

Example of a Research Report, taken from a Research Methods textbook

Below are a Title page and Reference pages from a report written in APA format. Make sure that your report reflects this format closely to avoid losing marks.

School Size and Cyberbullying in Middle School Students

Danielle Gentile

The College at Brockport, State University of New York

Author Note

Danielle Gentile, Department of Psychology, The College at Brockport, State University of New York.
