

One-Pager Reflection Assignment – 15% course grade (each paper is worth 5%)

Guidelines:

In order to enhance understanding of the readings as well as our class discussions, students will be requested to submit three, 1-page papers (double-spaced, 12 point font) out of the list of class readings of their choice. You may use either required or optionally listed readings for any given week, however the Massey reading from Week 1 is required.

There is no need to add additional citations, as this will be a reflection focused solely on the paper you chose.

The paper will be graded on the following criteria:

Formatting - Make sure to include both your name and the reference to the paper you selected at the top of the page. Please ensure that your header is not disproportionately large, in a different font, or contains any additional spacing. One page is a very short paper, therefore the expectation is that the entire page contains text. (.5 point)

Summary – Does the paper include a brief summary of what will be discussed in this reflection? Please note that an exhaustive summary is not required for this assignment given the page limitation, therefore focus on a specific aspect that you would like to evaluate for this reflection. (1.5 points)

Reflection/Analysis – Does the paper also include an analysis of the summary described? (2 points)

Conclusion – A brief conclusion of 1-2 sentences to wrap up your thoughts. (1 point)

Papers are to be submitted as a hard-copy in class.
