

Your Task

You will select **ONE** country of your choice and prepare a 3-5 page double page **report paper** outlining the political, geographical, economical and cultural issues of doing business within that particular country.

Use the notes as the starting point for your assignment.

You are responsible for looking into your country more deeply and addressing the points below in the course of your presentation.

- Introduction to your country (geography)
- Cultural background information of country
- Cultural business practices
- How does your country's culture affect business operations in the country?
- What is the political climate of your country?
- Types of political risk in your country?
- What are some of the political risks/liabilities?
- How can a business overcome some of these political risks? (solutions)
- What is the economic situation like in your country?
- What type of economy is in your country?
- Any financial risks? If so, explain.
- Any other facts you want to include

The basis of this assignment is an oral presentation you are evaluated solely on your presentation and how well you address the above points during that discussion.
