Milestone 2: Constructed Response: Observation and Feedback

Scenario

This is the second of three constructed response assignments, or milestones, required for the course. The constructed response items offer you an opportunity to apply effective strategies to help teachers improve instruction and student learning. Each item describes a scenario, supporting documents, and guiding questions for constructing a coaching plan based on the scenarios. The Milestone 2 constructed response focuses on analyzing and understanding the scenario, supporting documents, and guiding questions for constructing a coaching plan to develop the skills for effective observation and feedback.
