

As a compassionate and dependable new graduate with a Bachelor's of Science in Nursing, it is my pleasure to apply for a position in ~~your~~ the Transition into Practice (TIP) program at Providence Health. I strongly believe I am an admirable candidate and will be an excellent fit to your organization, based ~~off~~ on both the specified and desired qualifications for this role and the mission and vision statements of Providence Saint Joseph Medical Center. Enclosed you will find a copy of my résumé, professional references, and recommendations.

I know I will be an exceptional addition to your organization because I am highly motivated, dedicated, and have an extraordinary capacity for learning. I achieved a Bachelor's of Science in Public Health Promotion in 2014, and continued my education in an accelerated nursing program. Not only did I achieve my BSN, I am also a certified Public Health Nurse (PHN) and a proud member of Sigma Theta Tau International Honor Society of Nursing. I trust these accomplishments demonstrate my ardent work ethic, resilient perseverance, and devotion to health care and my community. Additionally, I am pleased to disclose that I have had more than 8 years in customer service as both a server and in luxury retail. During employment, I have been promoted multiple times and have undertaken positions of leadership. I have ~~a great deal of~~ a vast amount of experience with client satisfaction, problem-solving, and delegation. I am not afraid to ask questions and grow myself with an institution.

Having completed my Advanced Medical-Surgical Nursing clinical rotation ~~a name the hospital~~ your hospital, I am confident that my values align with Providence Health & Services. I had the opportunity to work alongside team members for four days in the Emergency Department, three days on the Neuroscience Telemetry Unit, and two days on the Intensive Care Unit. I familiarized myself with the expected standards of the organization and believe that I can truly benefit and grow as a new graduate nurse from the TIP program. Aside from your hospital, I completed half of my rotations as a student in my program to both Emergency and Critical Care. I am passionate about Emergency and Critical Care nursing and I feel that I can further my professional career goals within this esteemed establishment.

I am earnestly thankful of your time and consideration of my application. ~~I will be in touch the during the week of January 28, 2018 to establish a convenient time to meet and~~ I look forward to hearing from you to further discuss how my skills and qualifications align with that of your hospitals. I look forward for the opportunity to learn more about Providence Saint Joseph Medical Center and discuss my prospective future with your team.
